ABOUT ME

I am a Computer Science student passionate about building scalable AI applications.

I have practical experience in machine learning, computer vision, and backend API development.

EDUCATION

New York University - B.Sc. in Computer Science

Expected Graduation: June 2026

SKILLS

- Python, JavaScript, FastAPI, Flask
- Machine Learning, OpenCV, TensorFlow, scikit-learn
- Git, Docker, MongoDB

PROJECTS

- Object Detection System

Built a real-time object detection system using YOLOv5 and OpenCV.

Deployed using Flask and Docker.

- Resume Analyzer API

Developed an API using FastAPI to extract and analyze key information from resumes.

Integrated spaCy for entity recognition and cosine similarity for ranking.

EXPERIENCE

Intern - AI Research Lab, NYU

Worked on document classification and model deployment using FastAPI.

Contributed to research paper on text summarization.

LANGUAGES

English (Fluent), Korean (Native)

CERTIFICATIONS

- Deep Learning Specialization - Coursera
- TensorFlow Developer Certificate
